--	---

FUNCTIONAL STATEMENT AND PURPOSE

The Office of the Inspector General at the Tennessee Valley Authority has a vacancy in Chattanooga, Tennessee for an experienced auditor to conduct operational/performance audits of TVA operations. The auditor will also perform environmental reviews which assess environmental performance including compliance and adequacy of programs.

MINIMUM QUALIFICATIONS

Four year BS degree from an accredited university.

Three to seven years of environmental or other operational/performance related audit experience.

Proficient with spreadsheet, data base and presentation software.

Ability to communicate effectively both orally and in writing.

Ability to direct the work of team members and assume a leadership role.

Excellent analytical and organizational skills.

Ability to discern key issues and draw appropriate conclusions.

Must be able to thoroughly comprehend agency programs, management practices, and operations, as well as audit policies, procedures and standards.

Experience benchmarking environmental policies and performance.

Experience assessing environmental compliance with respect to an environmental subject on a facility and on an overall agency basis.

Experience inspecting operations to determine whether corporate and government standards of environmental control are being met.

Demonstrated understanding of environmental laws, regulations, and standards pertaining to soil, air and water monitoring and environmental compliance.

DESIRED SKILLS/KNOWLEDGE

- Familiarity with computer-assisted audit and sampling techniques.
- Demonstrated leadership abilities.
- Experience applying generally accepted Government Auditing Standards and/or Standards for Inspections.
- Experience developing complex audit programs.
- Professional certifications, i.e. CPA/CIA.
- In addition to a bachelor's degree, additional course work and or training in environmental engineering, environmental studies, environmental law or a related subject concentration would be a plus.
